What carers say about us

"Knowing that you're always there no matter what really means a lot. You are all stars."

What our staff say about us

"I love the variety of carers and colleagues that I work with, no one carer is the same and I really enjoy the width and breadth of issues and carers that I get to work with."

What our board members say about us

"I never cease to be impressed with GCA, its leadership, staff that are innovative and hardworking, and amongst it all there is always a supportive person to assist, to 'go the extra mile' and having carers at the centre of their work."

We welcome interest from all people but are also keen to develop the diversity of our board of trustees and welcome interest from people with a disability, BAME, LGBTQ+ communities, younger adults (18 - 25) and those with lived or living experience of being an unpaid carer.
